Lowell,

Thanks for speaking with me today. Just to confirm, I requested that Cabot submit its data to EPA in 'electronic data deliverable' or EDD format, as indicated in the instructions accompanying EPA's January 6, 2012 104(e) letter (Enc. 1 - Instruction No. 5). I stated that this will facilitate EPA's review. We discussed that this request is not intended to delay Cabot's current assembly of information, which I understand will be submitted on 2/3, but should be provided to EPA as soon as possible. Please let me know if there is any problem with this, and what Cabot's timing will be.

Concerning the proposed meeting date, I hope to get back to you tomorrow to either confirm the date or provide some alternative dates.

Regards,  
Humane

Subject: Cabot meeting the week of February 21

---

Humane –

With the knowledge that our agreed-upon plan was for us to see what EPA's availability is during the week of the 21<sup>st</sup> and then see if what Cabot's is, we've now heard back from all of our folks and have a date that works for all of us on this end – the morning of February 22. Of course, we're flexible if that doesn't work for you all, but I thought I'd send it along at this point just so you know what would work best for us if it works for you all.

Thanks very much,
